With Workday HCM, organizations gain a modern technology foundation designed to streamline worldwide operations, support rapid international expansion, and deliver in-the-moment insights about their people.

Comments on the News

"As we further innovation across our applications and architecture, we are seeing more organizations around the world select, deploy, and drive business value with Workday in record time," said Aneel Bhusri, co-founder and CEO, Workday. "While our momentum with global organizations increases, the most significant proof points of our success are having more than 70 percent of customers live and a customer satisfaction rating over 95 percent. We hold ourselves accountable to these metrics and believe they should be the standards by which the entire industry measures success."
